---------------------------------------------------------------------------------------------------------------

**The Village Green**
At the centre of Green and Away village is a fire circle, around which are a host of innovative and low-impact structures including a yurt sitting room, the kitchen tent, the Rising Sunflower bar, domes, an information area, and the main marquee. There are also smaller spaces for discussions and workshops.

**Venues for talks & workshops**
1. For Green and Away site tours, meet in the information area.
2. Welcome and introductions all take place around the fire circle.
3. Talks in the morning take place in the main marquee.
4. Workshops are held in various venues. Details will be displayed in the information area or announced on the day.
5. For early morning meditation meet in information area.
6. For early morning breath, bodywork & sound session, meet at the fire circle.
7. For Tai Chi, Bamboo Sticks and Wild flower walks, meet in information area.
8. Music in the evening - either around the fire circle or in the Rising Sunflower.

**Site Tours**
It is important that all participants take a site tour to familiarise themselves with the layout of the site (even if you’ve been before). These tours provide essential information about how the site works (what to do and what not to do), as well as fire assembly points, first aid facilities and when the showers will be hot! They are also your opportunity to find out more about Green and Away and their site facilities.

*Green and Away request that everyone leaves the site by 3pm on Sunday so that the hard-working volunteers can relax!*
